

Slide 1: Title Slide - AI Skills Framework for IT/Technology Teams

Objective: Establish professional credibility and clearly communicate the presentation's purpose and scope for government technology agency leadership.

Layout Composition:

The slide is a flex-col container with all content centered both horizontally and vertically. The main content area grows to fill the space, with a small footer section that is sized to its content at the bottom.

Content Breakdown:

- Block 1:
 - Block Type: Text
 - Placement: Centered in the main growing area
 - Component Schema: "Cover Title with Subtitle"
 - Content:
 - Main_Title: "AI Skills Framework"
 - Subtitle: "Building AI Capabilities Across IT & Technology Teams"
 - Tagline: "A Strategic Approach for Non-AI Specialists"
 - Organization: "Government Technology Agency"
 - Context: "Enterprise AI Enablement Initiative"
 - Creative Brief: Clean, professional government styling. Main title in text-8xl, subtitle in text-5xl with reduced opacity (70%). Tagline and organization details stacked with generous vertical spacing. Use white text on the dark gradient background.
- Block 2:
 - Block Type: Text
 - Placement: Bottom footer area, centered
 - Component Schema: "Simple Caption"
 - Content:
 - Footer_Text: "Version 1.0 | 2024"
 - Creative Brief: Minimal footer text, text-xl, opacity-60, centered.
